HOMEWORK

Performing

Practice will be on-going in class **and at home** for each instrument chosen in Performing. If pupils do not receive instrumental tuition on a particular instrument, then time should be spent during pupil's own time to rehearse and develop skills. Time within the Music Department is always available over lunchtime or after school, and it is expected that pupils will use the resources within the department if they do not have these at home, as using class time only is not enough. Pieces have to be verified by the class teacher as appropriate standard and should be identified as early in to the year as possible, particularly if in conjunction with external instrumental tutors.

Composing

Deadlines may be set throughout the year for each piece to be completed and evaluated. Candidates must ensure they keep to these deadlines, or make provision to use the resources within the department in their own time to keep up with these.

Understanding

Understanding Music concepts **must** be revised and consolidated each week at home to enhance understanding and deepen learning, using online resources and handouts given, plus notes taken. Regular progress checks will be carried out in class to ensure knowledge and understanding is fully learnt. Musical literacy exercises will also be given as homework.
