Dear Sirs

I am writing to once again thank you for your generous donation and to provide an update on how everything is going here in China. I have now been teaching here for a little bit over a month and it is going great. I am teaching three classes with ages varying from 15-19 year olds. The majority of the kids are extremely enthusiastic and seem to be having a lot of fun in the classes, receiving a refreshing change from the strict traditional Chinese teaching that the other teachers provide.

With this being the longest time I have spent away from my parents, I feel like I'm becoming more independent and capable of looking after myself, having also organised a trip to Beijing with some other volunteer teachers.

Overall, everything is going great and I look forward to seeing where the rest of the year takes me. I have attached a picture of one of my classes to show you who I am teaching. Once again thank you so much for the donations.

Yours faithfully

Matthew Ogden
